- Assorted voluntary workgroups, task forces and special meetings as required due to Committee assignment and for other Commission business.
- ③ A commitment to devote a minimum of ten hours per month to Commission/Committee attendance, preparation and other work as required by your membership on the body.
- ④ A pledge to:
 - respect the view of other regardless of their race, ethnicity, sexual orientation, HIV status or other factors;
 - abide by “Robert’s Rules of Order, Newly Revised”, the Ralph M. Brown Act, and the Commission’s Code of Conduct;
 - consider the view of others with an open mind;
 - actively and regularly participate in the ongoing decision-making process; and
 - support and promote decisions resolved and made by the Commission when representing the Commission.

**Stipulations: Failure to attend the required meetings may result in a Commissioner’s removal from the body.*

Specific:

- Primary committee assignment to the Standards of Care (SOC) Committee.
- Collaboration with OAPP Medical Director and Quality Management team, including partnership in the ongoing Quality Management group.
- Participation on the Commission’s Health Systems Task Force.
- Direct involvement in Commission research, assessment, study and evaluation efforts, including advisory oversight of Commission involvement in these activities.
- Involvement in the development, review and submission of IRB applications.
- Helps lead prioritization of optimal evidence-based and result-oriented in primary care programs and practices for the HIV/AIDS service delivery system.
- Guides the consideration and development of primary healthcare ‘best practice’ models.

KNOWLEDGE:

General:

- ① A commitment to constantly develop, build and enhance knowledge about the following topics:
 - general information about HIV/AIDS and its impact on the local community;
 - a comprehensive plan for delivery of CARE Act-funded services;
 - the Commission’s annual priorities and allocations;
 - Ryan White CARE Act information and other information related to funding and service support.

Specific:

- Thorough understanding of the Health Insurance Portability and Accountability Act (HIPAA) and its implementation requirements.
- Able to provide discourse about the need for early intervention and comprehensive HIV/AIDS primary healthcare services.
- Strong understanding of the needs and services for special and high-risk populations.

Duty Statement: Healthcare Provider

Page 3 of 3
